Path: Z:\Shared\W2r\GIS\GIS Projects\2023\20230032 - Waluula Floodplain CTUIR\maps\ConceptDesign\WaluulaConceptDesign.aprx

US Feet

0 250 500 1,000

N

Sheet 1 of 4

Existing Features

- FWS Hunting Blind
- FWS Parking
- FWS Trails
- FWS Road Gate
- FWS Water Control Structures
- FWS Refuge Roads
- Tax Parcels

Proposed Features

- Wood Habitat Structure
- Riffle Crest
- Bank Setback
- Demo or Remove Feature
- Side Channel
- Floodplain Cut
- Sediment Augmentation
- Fill Over Invasive Species

Notes:

1. Revegetation efforts not shown for clarity. All disturbed ground shall be planted with a suitable community of native species.
2. Bank setback includes constructing a lowered floodplain bench adjacent to the channel for riparian vegetation planting. This shall occur as shown and adjacent to channel fill.
